

Unemployment Insurance (UI) Benefit Operations Self-Assessment Tools: Resources

FUNCTIONAL AREA:

You may use this document to track the subject matter expert(s)' documents/citations or interviews used to verify answers to specific selfassessment questions. Many self-assessments contain nine sections covering different operational elements; however, some self-assessments contain fewer sections as some operational elements are addressed elsewhere (such as in the self-assessment for Overarching Matters).

If additional space is needed to record resource information for any operational element, use the Additional Comments and Reviewer Notes on page 21 and 22. Be sure to include the operational element name, question number, subject matter expert, source document/citation and interview details (name/title of the person interviewed and date of the interview) for each resource listed.
